Set in St. Peter, Minnesota in 2010, Jessie Nelson misses her soldier mom who's fighting in Afghanistan. When the letters from Mom stop coming, Jessie fears the worst. So, as a distraction, Dad moves them to Grandpa's for the summer in a small tornado-torn town. Jessie quickly makes two new friends, steals a dog, and keeps it secret from Dad. How long will she be able to hide a dog with PTSD? What happens when another storm strikes? And will Mom come home, or will Jessie's worst fears from come to fruition? Read *Fearless* to find out.

Topics: friendship, complex families, dog books, puppy mills, PTSD, military families, war, grief, small-town life.

What *Fearless* Readers Are Saying:

"I couldn't put it down." – Christina S., Goodreads Review

*"I love that [Jessie] journals in poems,
which might encourage readers to explore writing or poetry, or both!
Furthermore, the imagination and thought processes of early adolescence are
relatable for middle-grade readers and nostalgic for older readers..."*

*With all that is going on in the world today,
"Fearless" addresses how unsettling and upsetting events can cause us to grow
when we rise up to meet them and help others along the way."*
-- Sarah, Goodreads Review

*"... fast paced action, humor and a character readers will cheer for. As a former
classroom teacher, I think this book is a perfect read aloud and I would definitely
recommend it to middle grade readers facing fears of their own."*
-- S. Rose – Amazon Review

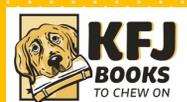

"Terrific Audience Participation!"
